

# KryptoMax® Detention Laundry Table

Model: KM-TBL-LNDR-246036

[www.KryptoMax.com](http://www.KryptoMax.com)

## Description:

KryptoMax® produces a line of heavy duty laundry tables with integrated drying rack. Due to the increased demands on prison laundries, this table provides the necessary workspace for sorting soiled goods, hanging and folding clean linens and many other requirements. This table stands at a comfortable height to position work at an easy level for most workers. The sizing of the table, along with the integrated drying rack, allows it to fit in a laundry room or staging area with taking up too large of a footprint. The table is constructed entirely of 304 stainless steel with square tubing legs and all seams are fully TIG welded for additional strength. The table can be mounted with either standard bolt to floor feet or optional swivel locking casters for transportability to various stations. The work surface is quality 304 stainless steel with welded corners that are clean and blended.

## Specifications:
