

KryptoMax® Processing Table

Model: KM-TBL-PR-306036

www.KryptoMax.com

Description:

KryptoMax® processing tables provide the required space for processing paperwork or conducting inspections. This table includes two pull out drawers and a full undershelf and backsplash. This table stands at a comfortable height for most employees and provides a clean smooth work surface. Constructed entirely of 304 stainless steel with square tubing legs, all seams are fully TIG welded for additional strength. The table can be mounted with either standard bolt to floor feet or optional swivel locking casters for transportability to various locations. This table can also be equipped with side and back skins to make a complete enclosed environment. Multiple sizes and configurations are also available.
