

KryptoMax® Collapsible Safety Hook

Model: KM-CSH (previously GAT-CSH-100)

www.Kryptomax.com

Description:

KryptoMax® stainless steel anti-ligature collapsible safety hook is a 10 gauge formed stainless steel bracket, with a 7 gauge stamped stainless steel intensive use hook. Two neoprene friction washers allow hook to hold materials, but collapse under approximately 26 lbs. of weight for an anti-ligature design.

The KryptoMax® product portfolio by G2 Automated Technologies, LLC, offers a wide variety of intensive use prison and intensive use correctional facility accessories and replacement parts. If you are in need of an individual item to replace on an existing product, we can provide it for you. We also offer a wide variety of mounting hardware, concrete anchors, tamper proof hardware, and tools to help with installation of intensive use detention furniture.
