

KryptoMax® Detention 12-Door Pistol Locker

Model: KM-CPL-12

www.KryptoMax.com

Description:

KryptoMax® 12-door pistol lockers allow a safe storage space for gun-free security areas and training ranges. These can also be used as secondary evidence storage bins. Each locker is individually keyed and includes an overall set of master keys. This locker includes pre-drilled wall mount screws but can also be designed with an optional floor mount base. Designed for intensive use and constructed with 16 gauge stainless steel and TIG welded for strength. Additional sizes and configurations available.

The KryptoMax® line of products by G2 Automated Technologies, LLC, offers a wide variety of solutions for correctional facilities, detention centers, jails, and prisons. These solutions include intensive-use accessories, fixtures, furniture, and replacement parts. If you require an individual item to replace on an existing product, we can provide it for you. We also offer a wide variety of mounting hardware, concrete anchors, tamper proof hardware, and tools, to help with installation of intensive use detention furniture.
