

KryptoMax® Stainless Steel Privacy Panel with Anti-Ligature Grab Bar

Model: KM -SCRN-72-ADA

Description:

KryptoMax® stainless steel privacy panels with anti-ligature grab bar include an integrated 1 ½" outer diameter grab bar with stainless steel anti-ligature insert welded between the panel and grab bar. This intensive-use privacy panel is ideal for detention or customs areas requiring modesty or privacy.

The panel frame is constructed on 2" schedule 40 stainless steel pipe and includes a 12 gauge 304 stainless steel panel set 12" from the floor. This model includes a floor and wall mount design. Alternate configurations and sizes are available to meet your requirements.

Panel can be configured for ADA compliance, replace existing privacy screen, or for new installations.
