

# Stainless Steel Customs and Immigration Processing Workstation

Model: GAT-TBL-304831.5-SS-ST (Other Sizes Available)  
www.KryptoMax.com

## Description:

This customs and immigration documentation workstation is built with 12 gauge stainless steel and intended for use in airports, border crossings, transportation hubs, and other customs processing areas. Full height stainless wire mesh around the exterior provides safety and separation. This table also comes standard with welded, heavy duty foot flanges for secure floor mounting.

Custom dimensions and configurations available (L-shape workstations, plastic grommets for wiring, wall-mounting flanges, and more).
